

Town & River Permits

Issued By Lee County January 1 To June 1

Lee County shares monthly permit activity reports with your Town & River Civic Association. If required approval by the association for a permitted project has not already been sought by the owner, the association sends a certified letter to the owner requesting plans for review and approval. The issuance of a permit does not constitute approval by the association; however, certain permitted projects do not require approval; e.g., interior remodeling, roof repair or replacement, window replacement, hurricane protection. Of the 49 permits listed below, only 45 percent or 22 required approval by the association. Some of the required approvals are pending. The remaining 27 did not require approval either because the home was in a unit of Town & River Estates not covered by an active deed of restriction or the nature of the project itself did not require approval. Make sure you know the unit number of your property. It may be found on the Lee County Property Appraisers website. When in doubt regarding whether a project needs approval, **ask** by sending an email to archreview@townandriverfl.com.

Gary Hudson chairs the Deeds of Restriction Committee. Other members are Mark Generales, Rick Chubb, and Roy Benton. The active DORs may be found at www.townandriverfl.com. Click on Documents & Administration, then Deeds of Restriction.

HOA Dues Payment Information

2020 dues of \$120 were payable by Feb. 29. Invoices were mailed in late January to all Town & River addresses on file with the association (using Lee County Property Appraiser site). Please send a \$120 check payable to T&R Civic Association Inc. to:

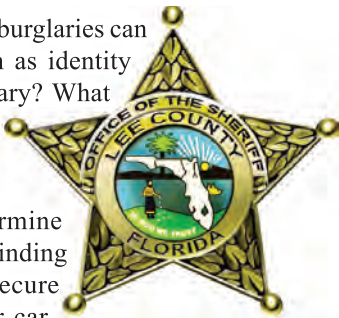

Town & River Civic Association
c/o Cye Budde CPA, 8270 College Parkway, Suite 104
Fort Myers, FL 33919

Owners who pay dues will be in good standing and therefore able to vote on annual dues amount, vote for directors, vote for bylaws changes, and any other items that requires a vote of the membership. Dues income provides your association the wherewithal to enforce the deeds of restriction and maintain property values.

Catch The Action

July On The Water

By Capt. Bill Russell

Summer is family time on the waters of Southwest Florida. As travel plans have changed over the past several months, many of us are staying close to home and enjoying what is available in our back yard. Lucky for us, we are a travel and vacation destination for folks around the world. We have plenty of outdoor activities to keep us busy without traveling.

Summer snapper fishing heats up this month, as fish move inshore in good numbers and just off the coast. If a fish dinner is your target, snapper is your best bet. They are as tasty as a fish can get and have keen eyesight making it necessary to lighten up the tackle to fool them. Fluorocarbon leader from 10- to 20-pound test is a must. Small hooks and baits deliver better hookups, I generally go with a 1 to 1/0 circle hook, or a small jig head. Shrimp,

small pilchards, and pinfish are top baits. Small pieces of cut bait is a good choice, it's often necessary to allow the bait to lay on bottom of drift with the current in a natural manner. This is accomplished by allowing slack in the

line. Many times, we keep the bail open on the reel until a fish picks up and starts running line.

From the shallow flats inshore to reefs offshore, snapper respond well to chumming. A store-bought box of chum tied off to the boat in a chum bag is the most popular. If you are cast netting your own bait, it's possible to load up with plenty of extras. Cutting the baits up and creating a continuous flow with the current is a good tactic as well. No doubt, a box of chum is the simplest and easiest, I would recommend more than one box. It's frustrating to finally get fish fired up then run out of chum.

Catch and release snook fishing is at its peak through the summer. Large females are up and down the coast surrounded by smaller males as they complete their mating rituals. Possibly the best fishing happens in the surf along the gulf beaches. Snook will swim parallel to the beach, often just a few feet from shore in search of their next meal. This offers great sight fishing possibilities. Baits vary, but artificials that mimic a small oily baitfish are best. Over the summer, breeding snook feed heavy on oily bait fish. Pilchards, thread herring, pinfish, pigfish, or small mullet are top baits.

Leader is important as snook have good eyesight as well. Fishing an open area without structure, 20- to 30-pound fluorocarbon leader is a good choice. Around structure such as snags, docks, rocks and so on, then we need to bump up and fish from 30- to 50-pound leader. Circle hooks are the way to go live bait fishing, generally 1/0 to 3/0 is a good range. With circles, most fish are hooked in the corner of the mouth allowing a quick and safe release. Snook season is closed, have fun catching them but safely return them to water as quickly as possible.

A fun family day on the water may include catching a mess of snapper for dinner then heading to the nearest beach. While the family is shelling, swimming, or soaking up the sun, we get the opportunity to cool off in the surf while taking a chance at hooking into some snook. Our local waters have a lot to offer over the summer, I hope you get out there and enjoy it.

Answering Your Biggest Questions On The SECURE Act

By Jacqueline Lambros,
Registered Principal

It's already 2020. Once again, the holidays were a blur – and, once again, Congress passed significant legislation at the last minute. This time it was the Setting Every Community Up for Retirement Enhancement (SECURE) Act, which was signed into law on December 20, 2019. In the eyes of some commentators, this is the most significant retirement planning legislation in a generation, and it has raised many questions.

To help you understand the details, let's review some of the most frequently asked questions about the SECURE Act.

Q: The law delays the age for taking required minimum distributions (RMDs) from 70½ to 72. But what if I already started taking RMDs and I'm not yet 72 years old?

A: Individuals who were already taking RMDs by December 31, 2019, must continue taking these distributions. Likewise, anyone who turned age 70½ before December 31, 2019, must begin taking RMDs by April 1, 2020.

Individuals who had *not* reached age 70½ by December 31, 2019, will need to take RMDs starting in the year they turn 72, with the option to delay the first RMD until April 1 of the year after their 72nd birthday.

Q: What does the new 10-year rule mean for inherited IRAs?

A: Prior to the SECURE Act, individual beneficiaries were entitled to stretch out the withdrawal of their inherited retirement account based on their life expectancy. Now, non-spouse beneficiaries are required to withdraw their entire inherited retirement account within 10 years of the original owner's death (with some exceptions).

It's important to note, however, that this rule applies only to the accounts of those who pass away in 2020 and later. If you inherited an IRA before year-end 2019 or have already begun taking RMDs from an inherited account, you will continue to calculate your RMDs using the December 31 account value.

Q: What if I named a trust as the beneficiary of my IRA, for the benefit of my children?

A: Many estate planners establish trusts to help provide a degree of control over inherited IRA assets, particularly for benefactors concerned about spendthrift or immature descendants. The main goal of these trusts is to preserve the ability to stretch RMDs over the beneficiary's life expectancy while limiting the beneficiary's access to the full value of the inherited IRA.

Under the new law, however, there is concern that the

trustee may be restricted from making withdrawals and distributions until the 10th year. This could trigger a large tax bill for the beneficiary. To ensure that your wishes are carried out as intended, we recommend revisiting your estate plan with your attorney.

Q: Have changes been made to the qualified charitable distribution (QCD) rules?

A: Account owners age 70½ and older may continue to contribute up to \$100,000 per year directly from their IRA to a public charity and exclude the distribution from their taxable income. Because the SECURE Act removed the restriction on traditional IRA contributions after age 70½, however, a new anti-abuse rule has been instituted for QCDs. Now, you must reduce your intended QCD by the cumulative amount of deductible IRA contributions made to your account after age 70½ that have not already offset a previous QCD. This is designed to prevent individuals from getting a duplicate tax benefit on QCDs and traditional IRA contributions after age 70½.

Q: Can I pay student loans with funds from my 529 plan?

A: Student loans are now considered a qualified higher education expense that can be funded from a 529 plan, but you should approach this option with careful consideration. The law has established a \$10,000 *lifetime* cap on distributions to pay down student loans, which will not be enough for many students. It's important to note, however, that the \$10,000 limit applies per 529 plan beneficiary *and* each of the beneficiary's siblings.

Be aware that, as with K-12 tuition payments that were deemed permissible under the Tax Cuts and Jobs

Act, certain states are likely to maintain that student loans are not a qualified expense and may disallow any state tax deductions provided for contributions to the 529 plan. California and Oregon also have a state penalty for nonqualified distributions if they opt not to recognize student loan payments as qualified expenses.

Q: Have the life expectancy tables for calculating RMDs been updated?

A: The SECURE Act did not make changes to the current life expectancy tables. All 2020 RMDs will continue to be calculated using the same tables that have been used in the past. In a movement separate from the SECURE Act, the IRS proposed changes to the tables during 2019. Currently, it is anticipated that these updated tables will be finalized in the first half of 2020 for implementation with 2021 RMD calculations. Nothing is official as of this writing, however.

Securing Your Future

The SECURE Act brought about significant changes to the retirement landscape, so it's important to stay up to date on news regarding its interpretation and how it could influence your financial plans. Continue to review all aspects of your financial plan and beneficiary elections to ensure that you understand how you and your family have been affected. Be sure to reach out to your tax professional.

Lee County Domestic Animal Services Receives COVID-19 Relief Grant

Lee County Domestic Animal Services (LCDAS) is pleased to have received a Rachael Ray Save Them All COVID-19 Relief Grant from Best Friends Animal Society to help the agency save the lives of homeless pets living in Lee County.

"This grant allows us to continue our work by helping us provide emergency veterinary care, which is central to our organization's mission as we serve our community," said Sandra Tapfumaneyi, director of Lee County Domestic Animal Services. "It is our goal to assist residents affected by economic hardships due to the pandemic. We are grateful to our community for their support and appreciate the help from Best Friends Animal Society in making this possible."

Pet owners in need of assistance with pet food or veterinary services can visit www.leelostpets.com or call (239) 533-7387.

The Rachael Ray Save Them All COVID-19 Relief Program, administered by Best Friends and funded by The Rachael Ray Foundation™, provides COVID-19 relief grants to shelters and rescue groups across the country. The Rachael Ray Foundation helps animals in need and is funded by a portion of proceeds from each sale of Rachael's pet food, Nutrish®.

About Lee County Domestic Animal Services

The mission of Lee County Domestic Animal Services is to balance and benefit the health, safety and welfare needs of the people and animals in the county. LCDAS welcomes community assistance through adoption and foster programs, pet placement partnerships, supportive local, state and national organizations, and donations to the Animal Care Trust Fund to ensure successful placement of animals in

permanent homes. LCDAS changes and adapts to the needs of the community and maintains standards of care consistent with current animal sheltering and welfare guidelines. LCDAS aspires to be the leader in animal sheltering and animal welfare based on principles of humane care and handling.

About Best Friends Animal Society

Best Friends Animal Society is a leading national animal welfare organization dedicated to ending the killing of dogs and cats in America's shelters. In addition to running lifesaving programs in partnership with more than 2,800 animal welfare groups across the country, Best Friends has regional centers in New York City, Los Angeles, Atlanta, Salt Lake City, and Houston and operates the nation's largest no-kill sanctuary for companion animals. Founded in 1984, Best Friends is a pioneer in the no-kill movement and has helped reduce the number of animals killed in shelters nationwide from an estimated 17 million per year to around 733,000. That means there are still about 2,000 dogs and cats killed every day in shelters, just because they don't have safe places to call home. We are determined to bring the country to no-kill by the year 2025. Working collaboratively with shelters, rescue groups, other organizations and you, we will end the killing and Save Them All. Summer Is Here!

Practicing Water Safety Is Important To Everyone

That means people will be having a good time on the water – whether it is swimming or being on some kind of boat! Lee County has one of the highest numbers of boat-related deaths in the state. The Injury Prevention Coalition of Lee County reminds everyone that water safety should be practiced.

In 2012, 71 percent of all fatal boating accident victims drowned, and of those who drowned, 85 percent were not wearing a life jacket. Drowning is the leading cause of injury-related death among children between one and four years old. It is the third leading cause of death among children.

Here are a few basic tips from Safe Kids Worldwide to keep you safe:

- Teach children how to swim, tread water, and float.
- Teach children that swimming in open water is not the same as swimming in a pool.
- Teach children how to swim in case they are caught up in a rip tide.
- Always wear a life jacket when on boats, around open

bodies of water, or when you are participating in water sports.

- Make sure the life jacket fits properly.
- Babies should not travel on a boat until they are the appropriate weight to wear an approved life jacket.
- Swimming aids, such as water wings or noodles, are fun toys but should not be used in place of life jackets.
- Get a vessel safety check each year for free from the U.S. Coast Guard Auxiliary or U.S. Power Squadron.

A large portion of boating accidents involve alcohol consumption, so neither boat operators nor passengers should drink. It would be wise to learn CPR. Teach children not to dive into bodies of water because you never know what might be hidden under the surface.

Every child is different, but they should never be left alone in or around water. Babies can drown in as little as one inch of water.

The Lee County Injury Prevention Coalition serves as a collaborative effort or partnership whose function

is to facilitate partners' work and act as a catalyst for injury prevention initiatives. Its mission is to prevent injury disability and death through advocacy, education, legislation, and partnerships.

Additional information about the Injury Prevention Coalition may be obtained by contacting Brian Raimondo at ipceecounty@gmail.com or (239) 330-2240.

If you're looking for a healthy start to your day, give Sweet Potato Blueberry Yogurt Muffins a try. Chock full of nutrient-dense ingredients such as blueberries, yogurt and whole wheat, these powerhouse muffins have a secret ingredient: shredded sweet potatoes. A designated superfood, sweet potatoes are loaded with vitamins, minerals and fiber. Plus, they keep the muffins moist and tender and add just the right amount of sweetness. Bake a dozen (or more) and store in individual bags in the freezer for a healthy portable breakfast the entire household will enjoy.

Sweet Potato Blueberry Yogurt Muffins

Makes 24 regular or 10 jumbo muffins

- 4 large eggs
- 1½ cup plain yogurt
- ½ cup butter, melted
- 2 teaspoons vanilla extract
- 2 cups all-purpose flour
- 1½ cup whole wheat flour
- 2 cups shredded sweet potatoes

- 1 cup sugar
- 1½ teaspoon baking powder
- ½ teaspoon baking soda
- ½ teaspoon salt
- 2 cups blueberries

Preheat oven to 375 degrees. Coat muffin tins with nonstick spray. In large bowl, whisk eggs, yogurt, butter and vanilla. In medium bowl, combine flours, sweet potatoes, sugar, baking powder, baking soda and salt. Mix flour mixture into egg mixture. Gently stir in blueberries. Divide batter between 24 regular or 10 jumbo muffin cups. Bake until golden brown and set, about 25 minutes for regular muffins or 30 for jumbo.

Technician's Comments: Treated submerged vegetation throughout entire water body.

Follow Up: On June 6, Solitude Lake responded to a request for service from the Town & River Lake committee. A technician was sent to service the aeration. It was discovered during service that an aerator was blown and will need to be replaced. A replacement compressor is on order for installation.

Hours For In-Branch Services

Monday to Wednesday 10 a.m. to 6 p.m.
 Thursday to Saturday 10 a.m. to 4 p.m.
 Hours for curbside holds pickup remain the same – see branch details for contactless curbside pickup. **Services Information:**

- Take advantage of self-service options such as contactless self-checkout, curbside holds pickup, exterior book returns and copy, scan and print stations.
- Computer stations are distanced at least six feet apart and usage time is limited to one hour per person per day.
- Reference services are limited, and we encourage you to use our virtual reference service.
- Request materials from home so your visit can be grab-and-go.
- If you have requested materials, please wait to pick up items until you are notified.
- Newspapers and magazines are not available.
- Meeting spaces, study rooms, general seating and other gathering spaces are unavailable.

• Play items and gaming equipment have been removed from youth and teen areas.

• Our Summer Reading Program will be entirely online.

To Protect Staff And Patrons:

- Patrons are expected to follow the CDC's social distancing guidelines of staying six feet apart from others that are not in your party. Face coverings are recommended, but not required.
- Hand sanitizer and sanitizing wipes for computers are available.
- Building capacities are limited to 25 percent.
- When materials are returned, we quarantine items for 24 hours before making them available. This may cause a longer than usual wait time.
- Buildings are cleaned and disinfected throughout the day following CDC guidelines.

We ask for your patience and cooperation as Lee County Library System moves toward full operation with all necessary and appropriate precautions during this time.

Do The Right Thing

Do you know a child who deserves to be honored as an outstanding citizen or student for his or her exemplary behavior, good citizenship, positive attitude or willingness to help others?

If so, the Lee County Sheriff's Office encourages you to

nominate a child for recognition in our monthly Do the Right Thing program.

Nomination forms are available online at www.sheriffleefl.org. For more information, call Program Director John McGraw at 258-3295 or email jmcgraw@sheriffleefl.org.

When we realize how valuable time is, we rethink how we spend it.

In a time of new priorities, it may be time for a new plan.

Our lives should be shared with family and friends and spent mostly on joyful pursuits—not filled with worry and uncertainty.

At Cypress Cove, you'll find the senior living options you need to create a plan for your future that aligns perfectly with your priorities.
